#### PROXY STATEMENT For Annual Meeting of Shareholders

This statement and the accompanying proxy card, which are first being sent to shareholders on approximately January 16, 2004, are being furnished in connection with a solicitation of proxies by the Board of Directors of General Employment Enterprises, Inc. (the "Company"), an Illinois corporation, to be voted at the Annual Meeting of Shareholders to be held on Monday, February 23, 2004, at 9:00 a.m., local time, in the Lane Room of the Hilton Suites Hotel, 10 Drury Lane, in Oakbrook Terrace, Illinois 60181.

#### VOTING RIGHTS AND SOLICITATION

The only voting securities of the Company entitled to be voted at the Annual Meeting are the shares of Common Stock, of which there were 5,120,776 outstanding on December 29, 2003, the record date for the Annual Meeting. Shareholders are entitled to one vote for each share held except that, in elections for directors, each shareholder has cumulative voting rights. When voting cumulatively, each shareholder has the number of votes equal to

the number of directors to be elected (six) multiplied by the number of his or her shares. Such number of votes may be divided equally among all nominees, may be cumulated for one nominee, or may be distributed on any basis among as many nominees as is desired.

Each proxy that is properly signed and received before the Annual Meeting will, unless such proxy has been revoked, be voted in accordance with the instructions on such proxy. If no instruction is indicated on the proxy card, the shares will be voted for election of the six nominees for director listed in this proxy statement. Proxies given may be revoked at any time before the voting thereof by delivering to the Company a written statement revoking the proxy or a subsequently dated proxy, or by attending the meeting and voting in person.

A quorum of shareholders is necessary to take action at the Annual Meeting. A majority of the total outstanding shares of Common Stock of the Company, represented in person or by proxy, will constitute a quorum for purposes of the meeting. Abstentions or broker non-votes will be treated as shares of Common Stock that are present for purposes of determining the presence of a quorum. The six nominees for director receiving the highest number of votes cast will be elected directors of the Company; abstentions and broker non-votes will have no effect on the vote for the election of directors. "Broker non-votes" refers to a broker or other nominee holding shares for a beneficial owner not voting on a proposal because the broker or other nominee does not have discretionary voting power regarding that item and has not received instructions from the beneficial owner.

#### Manner and Costs of Solicitation

The cost of preparing, assembling and mailing the proxy materials and of reimbursing brokers, nominees and fiduciaries for the out-of-pocket expenses of transmitting copies of the proxy materials to the beneficial owners of shares held of record by such persons will be borne by the Company. The Company does not intend to solicit proxies otherwise than by the use of mail, but certain officers and regular employees of the Company or its subsidiary, without additional compensation, may use their personal efforts by telephone or otherwise, to obtain proxies.

#### ELECTION OF DIRECTORS

Six directors are to be elected at the Annual Meeting, to serve until the 2005 Annual Meeting of Shareholders, or until their successors are elected and qualified. Proxies will be voted, unless otherwise indicated, for the election of the nominees named below. If necessary to elect the nominees named below, proxies will be voted cumulatively.

## DIRECTORS AND EXECUTIVE OFFICERS

### Information Concerning the Board of Directors and its Committees

The Board of Directors meets on a regularly scheduled basis to review significant developments affecting the Company and to act on matters requiring Board approval. It also holds special meetings when an important matter requires Board action between scheduled meetings. The Board held six meetings during the last fiscal year, and acted once by unanimous written consent. No director of the Company attended fewer than 75% of the total meetings of the Board and Committee meetings on which such Board members served during this period.

The members of the Board of Directors are expected to attend the Company's Annual Meeting of Shareholders. All of the Directors were present at the prior year's annual meeting, which was held on February 24, 2003.

The Board of Directors has not established a formal process for shareholders to send communications to the Board of Directors because the Company has had the practice of forwarding to the Directors any shareholder correspondence it receives that is addressed to the Directors. Shareholders who wish to communicate with the Directors may do so in writing. Correspondence should be sent to the Company's Corporate Headquarters at One Tower Lane, Suite 2100, Oakbrook Terrace, Illinois 60181.

The Board of Directors has an Executive Committee consisting of the Board of Directors as a whole, and meetings of the Committee may be called or requested by the Chairman of the Board or a majority of the directors. The Executive Committee is authorized to act upon all matters requiring Board approval except the declaration of dividends, corporate reorganization, and merger and acquisition decisions. As provided in the By-Laws of the Company, a majority of the directors constitutes a quorum for the purpose of transacting Committee business. No Executive Committee meetings were held in fiscal 2003.

#### Audit Committee

The Audit Committee is presently composed of four non-employee directors: Delain G. Danehey (Chairman), Dennis W. Baker, Sheldon Brottman and Joseph F. Lizzadro. The Board of Directors has determined that each of the members of this committee is an "independent director" as defined by the rules of the American Stock Exchange. The Board of Directors has also determined that Mr. Danehey and Mr. Baker are each an "audit committee financial expert" as defined in Item 401 of Regulation S-K. An Audit Committee Charter was adopted by the Board of Directors during the 2000 fiscal year. In November 2003, the Board of Directors adopted and approved an amended Charter, which is attached to this proxy statement as Exhibit A. The Audit Committee is primarily concerned with the effectiveness of the Company's accounting policies and practices, its financial reporting and its internal accounting controls. In addition, the Audit Committee reviews and approves the scope of the annual audit of the Company's books, reviews the findings and recommendations of the independent auditors at the completion of their audit, and approves annual audit fees and the selection of an auditing firm. The Audit Committee met twice during fiscal 2003.

#### Compensation and Stock Option Committee

The Compensation and Stock Option Committee is presently composed of four non-employee directors: Sheldon Brottman (Chairman), Dennis W. Baker, Delain G. Danehey and Joseph F. Lizzadro. The Board of Directors has determined that each of the members of this committee is an "independent director" as defined by the rules of the American Stock Exchange. The Committee reviews and establishes the Company's compensation policies and practices, including salary and incentive compensation programs for senior executives of the Company and also oversees the administration of the Company's stock option plans. The Committee has the power to determine from time to time the individuals to whom options shall be granted, the number of shares to be covered by each option, the time or times at which options shall be granted, and the terms of such options. The Compensation and Stock Option Committee met two times during fiscal 2003.

4

#### Nominating Committee

The Company's By-Laws authorize the Board of Directors, acting as a whole, to consider nominees for director, and to determine the slate of directors to be submitted to the shareholders at the Annual Meeting. Therefore, the Board of Directors does not have a nominating committee or a nominating committee charter. A majority of the members of the Board of Directors are an "independent director" as defined by the rules of the American Stock Exchange.

#### Nominations for Directors

The By-Laws of the Company establish procedures for the nomination of candidates for election to the Board of Directors. The By-Laws provide that the nominations may be made by the Board of Directors or by a committee appointed by the Board of Directors. Any shareholder entitled to vote in the election of

directors generally may make nominations for the election of directors to be held at an annual meeting of shareholders, provided that such shareholder has given actual written notice of his intent to make such nomination or nominations to the Secretary of the Company not later than sixty days before the anniversary date of the immediately preceding annual meeting of shareholders. Each such notice must set forth (a) the name and address of the shareholder who intends to make the nomination and of the person or persons to be nominated; (b) a representation that the shareholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings involving any two or more of the shareholders, each such nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder or relating to the Company or its securities or to such nominee's service as a director if elected; (d) such other information regarding such nominee proposed by such shareholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission had the nominee been nominated, or intended to be nominated, by the Board of Directors; and (e) the consent of each nominee to serve as a director of the Company, if so elected.

In the past, candidates for director have been identified by recommendations from other directors and officers of the Company. The Board of Directors also considers nominations by shareholders that are presented through the above process. There were no nominations received from shareholders for consideration at the Annual Meeting.

In evaluating candidates to serve on the Company's Board of Directors, consideration is given to the level of experience, financial literacy and business acumen of the candidate. The Board considers nominees for director that are made by shareholders on the same basis as all other nominees.

#### Executive Officers of the Company

All executive officers are elected annually by the Board of Directors at the first meeting of the Board held following each annual meeting of shareholders, and they hold office until their successors are elected and qualified. The executive officers of the Company are as follows:

Name and Age	Position and Other Information
HERBERT F. IMHOFF, JR. (54)	Chairman of the Board and Chief Executive Officer, and President and Chief Operating Officer.
MARILYN L. WHITE (53)	Vice President. Elected Vice President in 1996, she is responsible for the Company's branch operations.
KENT M. YAUCH (57)	Vice President, Chief Financial Officer and Treasurer.
NANCY C. FROHNMAIER (59)	Vice President since 1995 and Corporate Secretary since 1985.

#### Code of Ethics

The Company has adopted a code of ethics that applies to its principal executive officer, principal financial officer and principal accounting officer.

## Section 16(a) Beneficial Ownership Reporting Compliance

Directors and officers of the Company are required to report to the Securities and Exchange Commission, by a specified date, their transactions related to General Employment Enterprises, Inc. Common Stock. Based solely on review of the copies of these reports furnished to the Company and written representation that no other reports were required, the Company believes that during the 2003 fiscal year, all filing requirements applicable to its officers, directors and greater than ten percent beneficial owners were complied with.

Compensation for non-employee Executive Committee members is \$1,000 per meeting; however, no Executive Committee meetings were held in fiscal 2003. Since Audit Committee and Compensation and Stock Option Committee meetings are held in conjunction with regular Board meetings, Committee members receive no additional fee for serving on these Committees.

#### Employment Agreements

Herbert F. Imhoff, Jr. has an employment agreement with the Company, effective August 1, 2001, to serve as Chairman of the Board and Chief Executive Officer, and President and Chief Operating Officer. Mr. Imhoff, Jr.'s agreement provides for a continuous three-year term of employment, at a minimum annual base salary of \$450,000. Under the terms of the agreement, Mr. Imhoff, Jr. is also eligible to earn an annual performance bonus and is entitled to receive certain perquisites and benefits. In the event the Company would terminate his employment for any reason other than for cause, Mr. Imhoff, Jr. would be entitled to continue to receive compensation and benefits for a period of three years. Effective August 1, 2002, Mr. Imhoff, Jr.'s agreement was amended to reflect his offer to waive 20% of his base salary for an indefinite period of time.

The Company has employment agreements with Marilyn L. White and Kent M. Yauch. Under the terms of their agreements, these employees would be entitled to continuation of base salary for a one-year period as well as continuation of certain employee welfare benefits, if their employment were terminated following a change in control of the Company.

#### Compensation Committee Interlocks and Insider Participation

No member of the Compensation and Stock Option Committee during fiscal 2003 was ever an officer or employee of the Company. During fiscal 2003, no executive officer of the Company served as a member of the board of directors or compensation committee of any other entity that had any of its executive officers serving on the Company's Board of Directors or Compensation and Stock Option Committee.

#### REPORT OF THE COMPENSATION AND STOCK OPTION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation and Stock Option Committee is responsible for reviewing and recommending to the Board for approval, the compensation plans for the Company's Chief Executive Officer. This compensation review and evaluation considers the executive's performance and contributions, and in doing so, compares the overall performance of the Company with others in its industry, while also taking into account general economic and competitive conditions. The Committee also administers the Company's stock option plans and reviews and approves stock option grants to executive officers and other employees of the Company.

The Chief Executive Officer establishes compensation programs

covering the other executive officers of the Company, and the Committee reviews these programs on an annual basis.

It is the goal of the Company's compensation programs to establish compensation levels that will enable the Company to retain talented individuals and motivate them to achieve stated objectives while providing them with competitive compensation opportunities based on their personal performance and contributions to the Company's success. To achieve this, the Company has compensation programs for its executive officers that consist of three primary components: base salary, annual performance bonus and long-term incentives.

#### Base Salary

Salaries for executive officers are based on competitive factors such as salary levels for comparable positions at other companies, as well as subjective factors which include the individual's scope of responsibility, experience, and contributions. Salaries are reviewed on an annual basis, and any discretionary adjustments to an executive officer's base salary are based upon the performance of the individual and the Company, and may take into consideration inflationary trends. As of August 2002, all of the executive officers of the Company voluntarily requested reductions in their base salary for an indefinite period, and the Committee agreed to honor their requests. There were no further adjustments of base salary for any of the executive officers during fiscal 2003.

#### Annual Performance Bonus

The Company has an executive bonus plan for the Chief Executive Officer which provides a bonus formula based upon: 1) the achievement of certain profit goals for the Company and, 2) the level of performance improvement. In addition, the Company had a similar bonus plan in effect during fiscal 2003 covering the regional vice presidents, under which those executives were eligible to receive a bonus based upon their respective region's profits that exceeded specified levels. Under the established bonus formulas for fiscal 2003, no bonuses were earned by any executive officer.

#### Long-Term Incentives

The Company has a deferred compensation plan covering its executive officers. Under the plan, as determined by the Committee, the Company contributes a percentage of each participant's base salary to a trust under a defined contribution arrangement. The participants direct the investments of the trust, and the Company does not guarantee investment performance. Participant account balances are payable upon retirement or termination from the Company, subject to certain vesting requirements. All of the participants in the plan voluntarily requested that the Company temporarily suspend the contributions being made to the plan on their behalf, and as a result, the Company's Directors approved a temporary suspension of all contributions to the plan, effective June 1, 2003.

As an additional incentive to improve performance, the Committee may grant stock options to the executive officers of the Company from time to time, pursuant to stock option plans that were approved by the shareholders. It is the policy of the Committee to grant stock options that have an exercise price equal to the fair market value of the Company's common stock on the date of grant, and thus reward the recipient only if the Company's stock price appreciates above the price on the date of grant. No stock options were granted by the Committee to any executive officer in fiscal 2003.

On an annual basis, the Committee reviews the compensation of Herbert F. Imhoff, Jr., the Chairman of the Board and Chief Executive Officer. Mr. Imhoff, Jr. has an employment agreement with the Company which provides for a minimum annual base salary of \$450,000, contributions to the Company's deferred compensation plan and certain other benefits. Under this agreement, Mr. Imhoff, Jr. is also eligible to earn annual performance bonuses under the Company's executive bonus plan. As of August 2002, Mr. Imhoff, Jr. voluntarily requested a 20% reduction in his base salary for an indefinite period, and the Committee agreed to honor his request.

Mr. Imhoff, Jr.'s bonus plan for fiscal 2003 was based upon the Company achieving certain performance levels for the year. Since the specific goals were not achieved, Mr. Imhoff, Jr. earned no bonus award during fiscal 2003. The Company contributed 10% of Mr. Imhoff Jr.'s base salary under its deferred compensation plan during fiscal 2003, until contributions were suspended as of June 1, 2003. No new stock options were awarded to Mr. Imhoff, Jr. during fiscal 2003.

#### REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the

primary responsibility for the financial statements and the reporting process, including the system of internal control. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report on Form 10-K with management, including a discussion of the quality, not just the acceptability, of the accounting principles; the reasonableness of significant judgments; and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board, and considered the compatibility of non-audit services with the auditors' independence.

The Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal control, and the overall quality of the Company's financial reporting. The Committee held two meetings during fiscal year 2003.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended September 30, 2003 for filing with the Securities and Exchange Commission.

The Audit Committee has also discussed with representatives of BDO Seidman, LLP their proposal to serve as independent auditors of the Company for the year ending September 30, 2004, and based on these discussions, the Committee approved the selection of BDO Seidman, LLP.

## APPENDIX A

### AUDIT COMMITTEE CHARTER

As Amended  
November 24, 2003

#### Organization

This charter governs the operations of the Audit Committee. The Committee shall review and reassess the Charter at least annually and obtain the approval of the Board of Directors. The Committee shall be members of, and appointed by, the Board of Directors and shall comprise at least three directors, each of whom are independent of management and the Company. Members of the Committee shall be considered independent as long as they do not accept any consulting, advisory, or other compensatory fee from the Company and are not an affiliated person of the Company or its subsidiary, and meet the independence requirements of the American Stock Exchange listing standards. All Committee members shall be financially literate, and at least one member shall be a "financial expert," as defined by SEC regulations.

#### Purpose

The Audit Committee shall provide assistance to the Board of Directors in fulfilling their oversight responsibility to the shareholders, potential shareholders, the investment community, and others relating to: the integrity of the Company's financial statements; the financial reporting process; the systems of internal accounting and financial controls; the performance of the Company's independent auditors; the independent auditor's qualifications and independence; and the Company's compliance

with ethics policies and legal and regulatory requirements. In so doing, it is the responsibility of the Committee to maintain free and open communication between the Committee, independent auditor, and management of the Company.

In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company and the authority to engage independent counsel and other advisers as it determines necessary to carry out its duties.

#### Duties and Responsibilities

The primary responsibility of the Audit Committee is to oversee the Company's financial reporting process on behalf of the Board and report the results of their activities to the Board. While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for the preparation, presentation, and integrity of the Company's financial statements and for the appropriateness of the accounting principles and reporting policies that are used by the Company. The independent auditors are responsible for auditing the Company's financial statements and for reviewing the Company's unaudited interim financial statements.

The Committee, in carrying out its responsibilities, believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The Committee should take appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices, and ethical behavior. The following shall be the principal duties and responsibilities of the Audit Committee. These are set forth as a guide with the understanding that the Committee may supplement them as appropriate.

The Committee shall be directly responsible for the appointment and termination, compensation, and oversight of the work of the independent auditors, including resolution of disagreements between management and the auditors regarding financial reporting. The Committee shall pre-approve all audit and non-audit services provided by the independent auditors and shall not engage the independent auditors to perform the specific non-audit services proscribed by law or regulation. The Committee may delegate pre-approval authority to a member of the Audit Committee. The decision of any Audit Committee member to whom pre-approval authority is delegated must be presented to the full Audit Committee at its next scheduled meeting.

At least annually, the Committee shall obtain and review a report by the independent auditors describing:

- - The firm's internal quality control procedures.
- - Any material issues raised by the most recent internal quality control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues.
- - All relationships between the independent auditors and the Company (to assess the auditor's independence).

In addition, the Committee shall set clear hiring policies for employees or former employees of the independent auditors that meet the SEC regulations and stock exchange listing standards.

The Committee shall discuss with the independent auditors the overall scope and plans for their audits, including the adequacy of staffing and compensation. Also, the Committee shall discuss

with management and the independent auditors, the adequacy and effectiveness of the accounting and financial controls, including the Company's policies and procedures to assess, monitor, and manage business risk, and legal and ethical compliance programs (e.g., Company's Code of Conduct).

The Committee shall meet separately periodically with management, and the independent auditors to discuss issues and concerns warranting Committee attention. The Committee shall provide sufficient opportunity for the independent auditors to meet privately with the members of the Committee. The Committee shall review with the independent auditors any audit problems or difficulties and management's response.

The Committee shall receive regular reports from the independent auditors on the critical policies and practices of the Company, and all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management.

The Committee shall review management's assertion on its assessment of the effectiveness of internal controls as of the end of the most recent fiscal year and the independent auditors' report on management's assertion.

The Committee shall review and discuss earnings press releases, as well as financial information provided to analysts prior to their release. The Committee shall review the interim financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations with management and the independent auditors prior to the filing of the Company's Quarterly Report on Form 10-Q. Also, the Committee shall discuss the results of the quarterly review and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards. The chair of the Committee may represent the entire Committee for the purposes of these reviews.

The Committee shall review with management and the independent auditors the financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations to be included in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of Form 10-K), including their judgment about the quality, not just the acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. Also, the Committee shall discuss the results of the annual audit and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards.

The Committee shall establish procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters, and the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

The Committee shall review corporate attorneys' reports of evidence of a material violation of securities laws or breaches of fiduciary duty.

The Committee shall prepare a report to be included in the Company's annual proxy statement, as required by SEC regulations.

The Committee shall perform an evaluation of its performance at least annually to determine whether it is functioning effectively.
