General Employment Enterprises, Inc. Announces Results for Fiscal 2014 Fourth Quarter and Year End

NAPERVILLE, Ill., Dec. 8, 2014 /PRNewswire/ – **General Employment Enterprises, Inc. (NYSE MKT:JOB)** (“the Company” or “General Employment”) announced results for the fourth quarter and year ended September 30, 2014.

The Company reported revenues of \$9.4 million for the fiscal fourth quarter ended September 30, 2014 as compared to revenues of \$11.3 million in the same period of fiscal 2013. Contract staffing services contributed \$7.6 million or 81% of consolidated revenues and direct placement services contributed \$1.8 million or 19% of consolidated revenue. The decline in revenue was primarily a result of planning reduction in certain lower margin, less profitable light industrial business. General Employment recorded a net profit from operations of approximately \$625,000 in the fourth quarter compared to a net loss from operations of approximately \$855,000 in the fourth quarter of fiscal 2013. Net income from continuing operations for the fourth quarter of 2014 was approximately \$463,000 compared to a net loss from continuing operations of approximately \$916,000.

For the year ended September 30, 2014, General Employment reported revenues of \$39.8 million, a decrease of 14% as compared to fiscal 2013 revenues. Contract Staffing services contributed approximately \$32.7 million or 82% of consolidated revenues and Direct Placement services contributed approximately \$7.1 million or 18% of consolidated revenue. The decline in revenue was primarily a result of planning reduction in certain lower margin, less profitable light industrial business. The Company recorded a net loss of \$1.4 million or a loss of (\$0.06) per basic and diluted share, compared to a net loss of \$1.9 million or a loss of (\$0.09) per basic and diluted share in fiscal 2013.

In both fiscal year 2014 and 2013 the Company received a significant rebate from the Ohio Bureau of Workers Compensation. The rebate in fiscal year 2014 was approximately \$1,080,000 resulting in the overall workers compensation expense for the year ended September 30, 2014 being approximately \$450,000 less than the year ended September 30, 2013.

Andrew Norstrud, Chief Executive Officer of General Employment, commented, “Fiscal 2014 was a successful year for the Company as we enhanced our financial reporting structure and started to reduce our non-core expenses. We made excellent progress implementing these operational changes and believe we are now well positioned to capitalize on these improvements to drive performance going forward.”

Mr. Norstrud added, “We further strengthened our financial position following the close of the fourth quarter, with the completion of a strategic capital raise in which the Company issued 200,000 shares of Preferred Stock for a total purchase price of \$2 million and an 8% annual dividend rate. We have executed securities purchase agreements with approximately 20 accredited investors for the sale of Series A Preferred Stock, that the proceeds are in escrow pending a closing. We anticipate a closing will occur in January 2015 upon receipt of necessary approval from NYSE MKT of the Company’s additional listing application and necessary clearance from the SEC of the Company’s Information Statement. This financing provides funding for working capital, and for both internal and acquisition growth. Once we are able to complete this financing, coupled with the operational improvements the Company has initiated, we believe General Employment is positioned favorably as we enter Calendar Year 2015. Increasing our breadth and depth of services offering and expansion of our geographical footprint into new markets are the primary areas of focus to fuel our organic growth. Additionally, we will augment internal growth by making select strategic acquisitions into higher margin businesses,” Mr. Norstrud concluded.
